Rule Summary

6. Summary of the rule or change:
 A new Section 11 has been added to the rule. It adds GRAMA requirements that allow insurance companies who file documents with the department to designate when they are protected from public access. This can be done as the company files their documents electronically. Documents can only be considered protected if they are a trade secret or commercial information, as defined in the law. Due to a new Subsection 11, the numbering of the following sections have been updated. The term "Health Insurance Division" is being replaced with "Health Section." Section 13 adds

SERFF and emails as ways to submit filings.

Aggregate Cost Information

7. Aggregate anticipated cost or savings to:

A) State budget:

Affected: No

Up until now the department has determined which company filed documents are to be protected, as per the code. That responsibility is being turned over to the insurance company. They will mark the files to be protected when they file them electronically with the department. No programming changes will be needed or additional work required of the department in order to make this change.

B) Local government:

Affected: No

This rule will have no effect on local governments since it deals solely with the relationship between the department and their licensees.

C) Small businesses:

Affected: No

("small business" means a business employing fewer than 50 persons)

No small businesses will be affected by this rule. The rule only affects insurance companies, which are large businesses.

D) Persons other than small businesses, businesses, or local government entities:

Affected: No

("person" means any individual, partnership, corporation, association, governmental entity, or public or private organization of any character other than an agency)

This rule affects all licensed life insurance companies. It will have no fiscal impact on them since the changes simply allow them to determine which of the filed documents they send to the department are to be protected. It will have no fiscal impact on individual insureds.

Compliance Cost Information

8. Compliance costs for affected persons:

This rule affects all licensed life insurance companies. It will have no fiscal impact on them since the changes simply allow them to determine which of the filed documents they send to the department are to be protected. It will have no fiscal impact on individual insureds.

Department Head Comments

9. A) Comments by the department head on the fiscal impact the rule may have on businesses:

The changes to this rule merely make the insurance company responsible for marking their own documents as protected when they file them with the department instead of having the department do it for them. This will have no fiscal impact on insurers.

B) Name and title of department head commenting on the fiscal impacts:

Todd E. Kiser, Insurance Commissioner
